Now new Chevrolet Task-Force trucks bring you the industry's most advanced V8 engines* with an ultra-short stroke for reduced friction and wear. Here are some of the modern features they bring you.

Modern 12-volt electrical system You get double the punch for quicker starting and more efficient ignition. Also, you have a greater

reserve of electrical power. Gas-saving high-compression With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck

Hauling costs go down! Extra-high power per pound Compact, super-efficient design results in high power output per pound of engine weight. This means more useable power!

A new valve train design permits each valve to function independently-as in modern aircraft engines. Valve action is more positive. Floating oil intake . . . engines squeeze extra power-and work-out of every tankful of gas. full-pressure lubrication New floating oil intake selects the cleanest oil for engine lubrication

Full-pressure lubrication provides positive protection. *V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models. NEW CHEVROLET TOSTS FORGS TRUCKS

What's New With You?

What is news, anyway?

News is the reason for a newspaper's being.

News is what's new. It's what's different. It's what's going on in the world, or the state, or in the house next

News is what you talk about when you meet a friend. It's what affects you, or interests you. It's what makes you mad or makes you happy.

News is what you bought this copy of this paper to

Newspapers print news. They can't print all of it, but they print all they can boil down into the alloted The second section with the second section and

The ELBA CLIPPER is a local newspaper. It prints local news as its chief commodity and sells local news to local people. It doesn't try to tell everything that's going on in the world. It tries to tell everything that's going on in Elba and West Coffee County.

News varies in its importance in direct proportion to the number of people affected or interested. The more people involved or interested, the bigger the news value.

News is a nebulous thing hard to put your finger on And newspapers are easy to put your finger on in the final product but hard to see behind, sometimes.

That's why The Elba Clipper is running this ad to get you better acquainted with us. We are always trying to tell you WHAT'S NEW around West Coffee County.
